# FASTER FENCE

## PERIMETER FENCE SYSTEM

Faster Fence the perimeter fence system. The fence easy to assemble, quickly and safely. It is a patented assembly system Made in Italy.

**EASY ASSEMBLY**

**EUROPEAN PATENT**

The FASTER FENCE perimeter fence allows a quick and safe assembly system through a simple interlocking assembly of the upright panels

**FASTER FENCE**

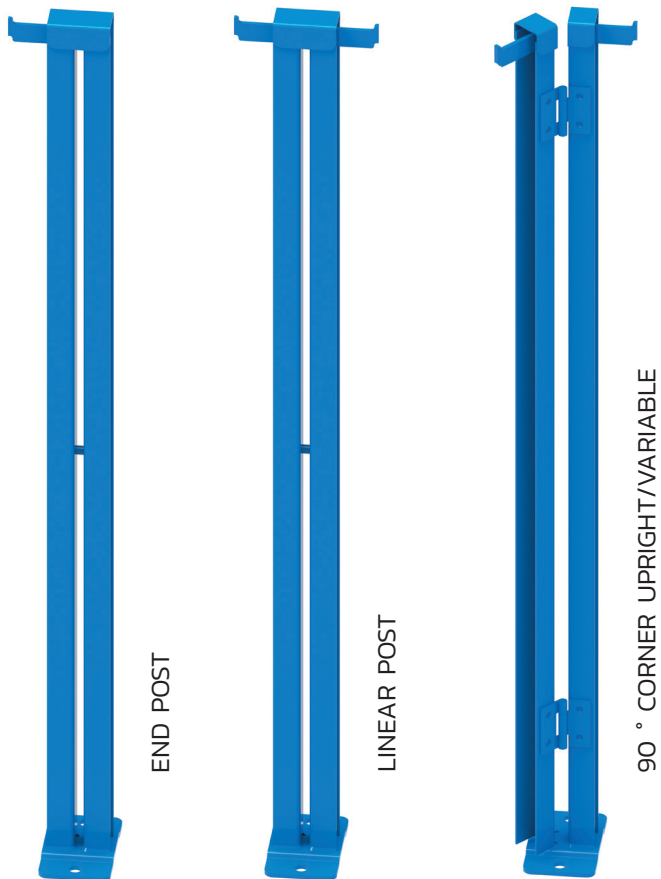

PERIMETER FENCE SYSTEM

## MODULAR AND ADAPTABLE

**FASTER FENCE FENCES ARE MADE UP OF UPRIGHTS AND GALVANIZED AND / OR PAINTED GRID PANELS.**

TEMPI GROUP mesh fences mount 3 types of uprights. With 7 standard elements it is possible to create all the perimeter configurations. A clever and "do it yourself" project.

### 90 ° CORNER UPRIGHT VARIABLE ADAPTABLE TO ANY PERIMETER

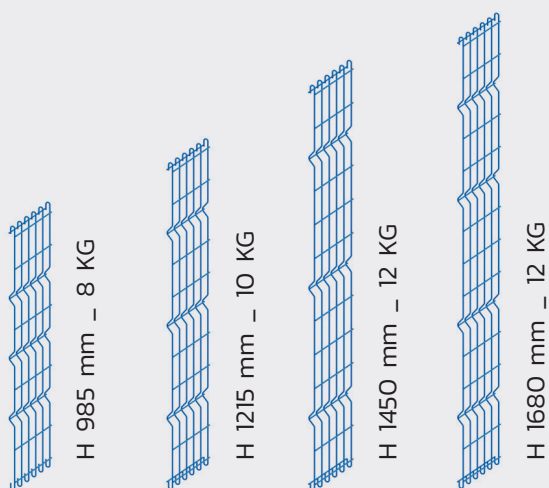

# RECONFIGURABLE ON SITE

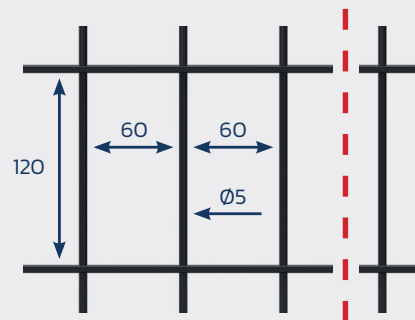

The mesh panels are 1985 mm wide and available in different heights.  
If it is necessary to adapt a FASTER FENCE panel on site, this can be cut as needed.
